

BARCELONA SCHOOL OF ECONOMICS SUMMER FORUM 2023 CALL FOR PAPERS

The Barcelona School of Economics (BSE) organizes the Tenth BSE Summer Forum. The Summer Forum is a series of independent workshops that cover the main fields of Economics. The Summer Forum 2023 will take place from June 6 to June 20, 2023. The venue will be UPF Balnes Building (Balnes 132) in central Barcelona.

More detailed information on the Summer Forum 2023 and the previous editions is available on <https://bse.eu/summer-forum>

We would like to invite you to submit a paper to the workshop:

FIRMS IN THE GLOBAL ECONOMY

The workshop will run for 2 days and will take place on 6-7 June 2023, in Barcelona.

This workshop will bring together applied economists working in the fields of global linkages, international economics, production resilience, price dynamics, productivity growth and firms dynamics to discuss the most recent academic research. We are particularly (even though not exclusively) interested in contributions that analyze these topics from a global perspective.

The deadline for submissions is **February 28, 2023**. To submit a paper, please use this link <https://app-summerforum.bse.eu/>. Submissions should include either a full paper or an extended abstract with the main results. Authors chosen to present papers will be notified approximately by the end of March. A preliminary program will be announced by the end of April.

Please note that the BSE Summer Forum is a series of independent workshops. When you submit your paper, you will be able to see the topics and dates of other workshops that will take place within the Summer Forum. The same paper **cannot be submitted to more than one workshop**, but you are welcome to submit a different paper to a different workshop.

There is no registration fee, and meals during the workshop will be provided for participants. The workshop organization **will be able** to provide accommodation support for speakers. However, the workshop organization **will not** cover travelling costs.

The workshop is funded by “ERC TRADENET” (Grant agreement 714597) and Fundació ESADE.

The BSE Summer Forum is one of the activities supported by the Severo Ochoa Program of Centers of Excellence (CEX2019-000915-S)
