We would like to invite you to submit a paper to the workshop:

### MACROECONOMICS AND SOCIAL INSURANCE

The workshop will run for 2 days and will take place on 15-16 June 2023, in Barcelona.

The workshop aims to bring together research that analyzes several aspects of insurance against individual risk from a macroeconomic perspective. These aspects cover forms of (1) mutual insurance either from formal institutions (e.g. general tax/transfer system, the pension system, unemployment and health insurance) or informal contracts (e.g. within family) and (2) self-insurance (e.g. through savings or labor supply decisions).

The deadline for submissions is **February 28, 2023**. To submit a paper, please use this link <https://app-summerforum.bse.eu/>. Submissions should include either a full paper or an extended abstract with the main results. Authors chosen to present papers will be notified approximately by the end of March. A preliminary program will be announced by the end of April.

Please note that the BSE Summer Forum is a series of independent workshops. When you submit your paper, you will be able to see the topics and dates of other workshops that will take place within the Summer Forum. The same paper **cannot be submitted more than one workshop**, but you are welcome to submit a different paper to a different workshop.

There is no registration fee, and meals during the workshop will be provided for participants. The workshop organization **will not be able** to provide accommodation or travel support for speakers.

The workshop is funded by the Spanish Ministry of Economy and Competitiveness through the Proyectos I+D+i 2019 Retos Investigación PID2019-110684RB-I00 Grant, and Europa Excelencia EUR2021-122011.
