The workshop will run for 1.5 days and will take place on June 7-8, 2023, in Barcelona, in conjunction with the Preferences and Bounded Rationality workshop which will take place on June 6-7, 2023.

The workshop will bring together researchers that study how different contexts of social interactions (preferences, cognitive skills, personality, institution, culture, etc.) or institutions affect the possibility of solving or mitigating coordination problems.
