

BARCELONA SCHOOL OF ECONOMICS SUMMER FORUM 2023 CALL FOR PAPERS

The Barcelona School of Economics (BSE) organizes the Tenth BSE Summer Forum. The Summer Forum is a series of independent workshops that cover the main fields of Economics. The Summer Forum 2023 will take place from June 6 to June 20, 2023. The venue will be UPF Balmes Building (Balmes 132) in central Barcelona.

More detailed information on the Summer Forum 2023 and the previous editions is available on <https://bse.eu/summer-forum>

We would like to invite you to submit a paper to the workshop:

NETWORKS

The workshop will run for 2 days and will take place on June 8-9, 2023, in Barcelona.

The workshop will be on its fourth edition in the 2023 Summer Forum. It will convene some of the world's leading researchers in the field of economic and social networks. The workshop is designed broadly to include work at the frontier of research in economic and social networks – work that, for instance, considers the role of information networks in the media, the role of peer effects in education and immigrant communities, the role of networks in providing social insurance, an analysis of opinion polarization and segregation in communities, or the organization and efficiency of networked markets, just to name a few examples. We encourage both theoretical and empirical work on the topic.

The deadline for submissions is **February 28, 2023**. To submit a paper, please use this link <https://app-summerforum.bse.eu/>. Submissions should include either a full paper or an extended abstract with the main results. Authors chosen to present papers will be notified approximately by the end of March. A preliminary program will be announced by the end of April.

Please note that the BSE Summer Forum is a series of independent workshops. When you submit your paper, you will be able to see the topics and dates of other workshops that will take place within the Summer Forum. The same paper **cannot be submitted to more than one workshop**, but you are welcome to submit a different paper to a different workshop.

There is no registration fee, and meals during the workshop will be provided for participants. The workshop organization **will not be able** to provide accommodation or travel support for speakers.

The BSE Summer Forum is one of the activities supported by the Severo Ochoa Program of Centers of Excellence (CEX2019-000915-S)
