We would like to invite you to submit a paper to the workshop:

### ORGANIZATIONAL ECONOMICS

The workshop will run for one day and will take place on **June 7, 2024**, in Barcelona.

Organizational Economics uses economic modeling and empirical analysis, combined with a deep understanding of legal and political institutions, to understand the performance, design, and governance of organizations. We will welcome empirical and theoretical submissions of frontier research on all topics in this field. We invite submissions from experienced researchers as well as promising young scholars. A non-exhaustive list of relevant topics is: Relational contracts; Theory of the Firm; Incomplete Contracts; Internal Organization and Incentive Systems; Management practices, Leadership and Organizational Culture.

The deadline for submissions is **February 28, 2024**. To submit a paper, please use this link <https://app-summerforum.bse.eu/>. Submissions should include either a full paper or an extended abstract with the main results. Authors chosen to present papers will be notified approximately by the end of March. A preliminary program will be announced by the end of April.

A related workshop on Law & Economics will take place the day before, on June 6. You are welcome to attend both workshops. However, please note that the same paper **cannot be submitted to more than one Summer Forum workshop**.

There is no registration fee, and meals during the workshop will be provided for participants. The workshop organization **will not be able** to provide accommodation or travel support for speakers.

The BSE Summer Forum is one of the activities supported by the Severo Ochoa Program of Centers of Excellence (CEX2019-000915-S).
